---

**Personal Matters / Ex. 6**

The closest thing I have to a checklist is the decision document like the one below for one of GM's HDGEs. All the regulatory requirements that have to be demonstrated at cert are covered in that (unless I've missed something). I'm around and free all day today so give me a call if you'd like to chat.

Thanks,  
Jay

If you're in on Friday, I'd like to discuss this GM issue, as well as HDGE in general. Do you have a HDGE checklist for certification application review?
